

# Rostislav Petrenko

Front-end / JavaScript

I have production experience in design of web sites, landing pages, marketing assets, etc. Skilled in multitasking and working on several projects simultaneously. I can write an understandable code, understand and work with other people's code. I am easily trained and I want to work in a friendly team of professionals. I want to develop, improve and grow in my skills and to be a useful member of a team.
